VINOTEMP PRODUCTS FEATURED IN "THIS OLD HOUSE 2017 IDEA HOUSE"
A variety of Vinotemp products add to the fun, functionality and appeal of the iconic Beach House at East Matunuck, Rhode Island

(September 25, 2017) – [Vinotemp](http://Vinotemp.com)®, a recognized leader in the wine storage, technology and goods industry for 30 years, today announced that a variety of the company's products are included in *This Old House*'s 2017 Idea House: The Beach House at East Matunuck, Rhode Island.

The 3,200-square-foot Idea House features classic elements of coastal New England architecture, modern building techniques and a flexible floor plan to accommodate multiple generations. Included in the floor plan are spaces for entertaining and room for large family gatherings. And it's in the spirit of entertaining that Vinotemp's products are used in the home; to help its owners entertain with ease.

"A family run business for over 30 years, Vinotemp has always taken pride in designing and offering products that help our customers entertain better," states India Hynes, Vinotemp CEO. "It's an honor to have our products featured in This Old House's 2017 Idea House because much like Vinotemp's approach to our business and our products, the Beach House represents the results of forward thinking design and dedication to providing space for family and entertaining."

Featured online and in the October 2017 issue of *This Old House* magazine, the 2017 Idea House includes the following Vinotemp products:

- In the Kitchen:
 - [Vinotemp 7-Bottle Mirrored Wine Cooler](#): Inspired by space-saving European design, the award-winning cooler is the first to feature a slim 5.8" width. The unique cooler also features patent pending mirrored trim – allowing the cooler to adapt to the design aesthetic of any environment – while front venting makes it an easy-to-specify, built-in solution. The cooler also includes a dual-pane glass door; adjustable, touch-screen temperature control; sturdy, pull-out wire shelving, and Vinotemp BioBlu™ interior lighting (which helps reduce the growth of bacteria and mold).
- In the Game Room:
 - [Mini Keg Beer Dispenser](#): For use with 5L kegs, the tabletop beer dispenser features quiet, energy efficient thermoelectric technology for cooling the beer while CO2 regulates each pour. The dispenser includes a removable spill tray for easy cleanup, and its compact size makes it easy to use in any entertaining space.
 - [VT-34 Touch Screen Beverage Cooler](#): Ideal for providing easy access to refreshments while entertaining, the touch screen cooler stores up to 80 12oz. cans, includes 3 adjustable shelves, and features Vinotemp BioBlu™ interior lighting along with a glass door to stylishly display its contents.
 - [Epicureanist Classic Wall Mounted Wine Corkscrew](#): Nickel plated with a classic wood handle design, the wall-mounted corkscrew is simple to affix to any wall or flat vertical surface; adding to any entertaining area's visual aesthetic while providing extra stability when uncorking wine bottles.
