FOR IMMEDIATE RELEASE

**VINOTEMP ANNOUNCES PLANS TO MOVE TO 100,000 SQUARE-FOOT LOS ANGELES-BASED FACILITY**  
***The move will make Vinotemp the largest wine cabinet and cooling unit designer in the United States.***

(October 2, 2017) – [Vinotemp](http://Vinotemp.com)®, a recognized leader in the wine storage, technology and goods industry for 30 years, today announced it will move part of its company to a 100,000 square-foot facility beginning December 2017. The move will make Southern California-based Vinotemp the largest wine cabinet and cooling unit designer in the United States.

In addition to the extra space necessary to meet forthcoming product demands – and Vinotemp's continued designing of its world-renowned wine cabinets, wine cellars and wine cooling units .

"For over 30 years Vinotemp has been dedicated to providing consumers along with the world's top restaurants and resorts with the finest wine storage solutions that are proudly designed and designed in America," states India Hynes, Vinotemp CEO. "Vinotemp's dedication to quality and to designing in the United States is what ultimately led to this move. We're excited about the opportunity because it allows us to expand our capabilities here in America all while positioning Vinotemp as the largest designer of wine cabinet and cooling units in the U.S."

Vinotemp is scheduled to begin work at the new Los Angeles-based location in early December; the company's corporate headquarters will remain at the current Irvine, California location. To learn more about Vinotemp and its product offering visit [vinotemp.com](http://vinotemp.com).
